

FOUND A KITTEN?

STOP! Here's what to do:

LEAVE ME BE

If the **kittens** are **clean, healthy, and not in danger** chances are that mom is around, and **they should be left alone**. If you took healthy newborn kittens, **return them** to where they were found for their best chance of survival. **Do not** put them in a box or blanket.

HELP ME

Kittens should only be taken to San Jose Animal Care Center (SJACC) if **visibly sick** (thin, crusty eyed, dirty), nested in a **dangerous** area, or if mom has not returned for **12+ hours**. Please don't forget the mom cat - she needs your help too! Ask for help if needed.

TRAP ME AND MOM

Trap the kittens when they are 4+ weeks old. Mom should be fixed & vaccinated through a **trap-neuter-return (TNR)** program. Email sjttnr@sanjoseca.gov to rent a trap.
