

FOUND A KITTEN?

STOP! Here's what to do:

0-4 weeks

LEAVE ME BE

If the **kittens are clean, healthy, and not in danger** chances are that mom is around, and **they should be left alone**. If you took healthy newborn kittens, **return them** to where they were found for their best chance of survival. **Do not** put them in a box or blanket.

I am sick

HELP ME

Kittens should only be taken to San Jose Animal Care Center (SJACC) if **visibly sick** (thin, crusty eyed, dirty), nested in a **dangerous** area, or if mom has not returned for **12+ hours**. Please don't forget the mom cat - she needs your help too! Ask for help if needed.

TRAP ME AND MOM

Trap the mom and kittens when they are 8+ weeks old after arranging trap-neuter-return (TNR) appointments to get them fixed and vaccinated. Join facebook.com/groups/bayareatnr to get started with trapping mom and kittens. **Do not trap without a plan!**
